Note :

1. External Development Charges (EDC) are the charges for utilization of existing infrastructure/proposed infrastructure.
2. The External Development Charges will be utilized by the concerned local planning and urban development authorities for providing infrastructure. In case the concerned authority feels that connectivity is required from any local body or any work is to be got executed from a local body, the proportionate amount may be deposited by the authority with the local body on case to case basis. Conversion charges will be deposited in the Government Treasury and Licence/Permission Fee will be retained by the concerned urban development authority for planning and development of areas under its jurisdiction. Separate account shall be maintained for each of the above charges.
3. As has been decided in the meetings of Cabinet Sub-Committee on additional resource mobilization, process of grant of CLU has to be simplified and rationalized. It has been decided that to avoid multiplicity and to have uniform rates, only one agency i.e. Department of Housing and Urban Development will approve the change of land use/grant permission of land use against payment of prescribed charges, because it is the concerned urban development authority which has to upgrade the physical infrastructure as a consequence of increased pressure on utilities due to CLU. Therefore if any industrial plot is allowed for conversion to commercial use, differential of commercial and industrial rate will be charged by the Department of Housing and Urban Development from the promoter and CLU will be approved. Illustration is given on next page.
4. For higher FAR, the rates shall increase proportionately.
5. Licence/Permission fee is the fee for granting permission to colonizers/promoters for their projects.
6. Where a piece of land falls in more than one potential category, the highest rate shall apply.
7. The reserved area and open area under roads and parks etc shall be proportionately apportioned to different categories viz. Residential (Plotted), Residential (Group Housing), commercial etc for calculation of charges.
8. For mixed land use, proportionate charges for different categories shall apply.
9. Abbreviation used indicate NH: National Highway; SR: Scheduled Road.
10. Inter Sector Road is the Sector dividing/Scheduled Road or a road with Right way of minimum 80 feet.

The charges will be applicable to all areas i.e. to the area falling in Statutory or Non-Statutory Master plan limits and to the areas falling beyond these limits as well in the State of Punjab.

Hyper Potential Area	High Potential Area	Medium Potential Area	Low potential Area
GMADA Area	1. Amritsar 2. Jalandhar 3. Ludhiana (Municipal Corporation area as	5 kms belt along both sides of NH-1 i.e. GT road in the State of Punjab.	All other area of the State of Punjab.

	well as area upto a distance of 15 kms from M.C. limits)		
--	--	--	--

If any revenue estate/local body falls partly within any of the above potential area, the entire local body/revenue estate area will be categorized as that potential area.

**Illustration :**

If an industrial plot of 1 acre located on Sector Road in GMADA area is allowed for conversion to commercial use, the differential amount would be calculated as follows: -

EDC	Conversion charges	Licence/permission fee
Rs. (3224 x 4047 = 13047528)- Rs.(1186 x 4047 = 4799742) Difference Rs 8247786	Rs. (988 x 4047 = 3998436) – Rs (124 x 4047 = 501828) Difference Rs. 3496608	Rs. 20000000 – Rs. 50000 Difference Rs19950000

Total amount to be paid by the promoter = Rs. 3,16,94,394.00
